It is also recognized that in order to achieve this purpose, the Board and employee have certain responsibilities.
- E. To these ends, the Board encourages the fullest degree of friendly and cooperative relations between the respective representatives at all levels and among all employees.

If two or more employees of the same classification have the same first day of work, seniority shall be determined by a drawing of lots. The seniority list shall show the names of the bargaining

unit members, the member's first day of work in his/her current classification and amount of seniority the member has accrued in another classification. A seniority list by classification will be kept up to date at all times and shall be furnished by Human Resources to the Association President and a copy posted on the bulletin board by October 1, of each year. Any employee disagreeing with the seniority of any employee must notify the supervisor in writing within ten (10) work days of the first posting or the seniority for all employees as stated on the list shall be conclusively deemed accurate.

If the disposition made of any such case is not satisfactory to the employee, the matter may be referred to the grievance procedure.
 - d. He/she does not return to work upon being recalled from layoff as provided under the recall procedure.
